

YASIR ARFAT

Software Engineer — MERN Stack

- 📍 Hyderabad, Telangana 📞 +91-8125961792 📩 yasir.arfat.cse@gmail.com
LinkedIn GitHub LeetCode Portfolio

Summary

B.Tech CSE student (2027) seeking software engineering opportunities. Skilled in MERN development, problem-solving, and cloud deployment. Certified in Microsoft Azure AI and Oracle Cloud Foundations with strong foundation in Data Structures, Algorithms, and SQL. Solved 300+ coding problems across platforms. Passionate about learning, teamwork, and building scalable solutions.

Education

- | | |
|--|-----------------------------------|
| • Malla Reddy Engineering College | 2023 – May 2027 (Expected) |
| • <i>B.Tech in Computer Science (85%)</i> | <i>Hyderabad, India</i> |
| – Relevant Coursework: Data Structures & Algorithms, DBMS, Operating Systems, OOPS | |
| • Kendriya Vidyalaya | 2021 – 2023 |
| • <i>Senior Secondary (77.5%)</i> | <i>Hyderabad, India</i> |

Projects

- **Syllabus Management System** [Live]
GitHub: Frontend — Backend
 - Developed MERN-based platform for managing syllabus across branches, years, and semesters.
 - Implemented secure role-based access (Admin CRUD, Student view-only) using JWT.
 - Enhanced academic accessibility for 200+ students; deployed on Netlify (frontend) and Render (backend).
- **Airbnb Clone (MVC)** [GitHub]
 - Built full-stack Airbnb clone using Node.js, Express, MongoDB, and EJS.
 - Integrated CRUD listings, authentication, Cloudinary image upload, and property filtering.
 - Followed MVC architecture to ensure modular, maintainable, and scalable development.

Technical Skills

- **Languages:** C++, JavaScript, Python
- **Frameworks:** React.js, Node.js, Express.js, Bootstrap
- **Databases & Cloud:** MongoDB, SQL, MongoDB Atlas
- **Tools:** Git, Docker, GitHub, Postman, VS Code, AI Tools
- **CS Fundamentals:** Data Structures & Algorithms, DBMS, Operating Systems, OOPS

Achievements

- Solved 300+ DSA problems across LeetCode and GeeksforGeeks.
- Cleared 1st Round of Smart India Hackathon (SIH) as part of a 6-member team.
- Actively participated in hackathons and coding competitions, improving problem-solving and collaboration skills.

Certifications

- Microsoft Certified: Azure AI Fundamentals – [Credential]
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – [Credential]
- SQL (Basics) – HackerRank [Credential]
- Full Stack Web Development Certificate – Apna College
